

WILLIAM MORTON COLLEGIATE INSTITUTE

SEPTEMBER 2020

Pictures

We have been given the go-ahead to hold picture day, as the company has provided us with their safety protocols and they align with those in already place in the school. Keep an eye out for further information on dates for each cohort.

Microwaves

At this time, we cannot make microwaves available to our students. This may be an inconvenience, but our priority is in following the health and safety guidelines set out by the province.

Dropping off Students

There has been some concern that students are being dropped off on the highway and at the end of the bus loop. Please be sure to drop off and pick up in the visitor parking lot.

Terry Fox

We will have student activities at school this year, and opportunities to donate here or online.

Flag

Our flag is flying at half-mast to recognize the passing of former Prime Minister Right Honourable John Napier Wyndham Turner.

New Club

We are excited to be starting a gardening club. Students will be doing some planning over the winter and are looking forward to getting outside to do some planting in the spring.

Thank you to Angela Tucker who made a generous donation to support our breakfast club.

Thank you to Tim Horton's and WMCI PAC for procuring proceeds from Smile Cookies sales to contribute to future student activities.

Welcome to new and returning students and staff!

Shannon Alexander	Principal
Danielle Henderson	French, Art, ELA, History

THANK YOU

Thank you to families who have been diligently doing the daily screening, keeping students with symptoms at home, and getting tested when recommended.

Just as anyone can contract a cold or the flu, anyone can contract COVID-19, and these responsible choices are helping to keep all of us healthy.

Further, thank you for supporting us in helping your children understand that distancing, wearing masks, and hand and cough hygiene are important for all of us.

When Can a Sick Child Return to School?

COVID-19 TESTED

NOT COVID-19 TESTED

—

+

Your sick child is negative—they can return to school after 24 hours of being symptom-free.

Your sick child is positive—Public Health will provide guidance regarding what is required before your child can return to school.

Your sick child must self-isolate for 10 days from symptom onset and can return if symptoms have resolved at that time.
